

Desktop Office Mailers

Essential equipment for any busy office or accounts department, the AMS range of Desktop Office Mailers will transform the way you process your outgoing mail. Now you can automatically fold, insert and seal invoices, statements, mailings and even thin brochures into DL, C5 or C6 envelopes at up to 3,000 items per hour. You can even add promotional flyers, reply-cards or return envelopes.

AMS Desktop Office Mailers are easy-to-operate and highly reliable thanks to AMS's advanced double document detection system. Best of all, they free up valuable staff time and enhance productivity.

AMS - Desktop Office Mailers

Stack 'n' Go Office Mailer

An innovative range of fully automatic, desktop mailing machines featuring the unique 'Stack 'n' Go' facility that makes it easy to process a wide variety of outgoing mail quickly and efficiently. Available in two, three or four station models.

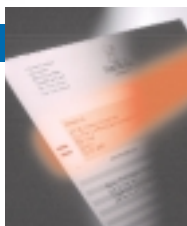

EasiStart Office Mailer

An entry level, desktop folding & inserting machine that's fast & easy-to-use thanks to the EasiStart Office Mailer operating system which guides the operator through the complete mail processing operation.

Optical Mark Recognition (OMR)

The advanced OMR system on **AMS Office Mailers** allows documents containing several pages, and/or requiring selective enclosures, to be assembled & inserted automatically and with maximum accuracy. This facility is ideal for sending out invoices & statements consisting of single pages to some customers and multiple pages to others.

Stack 'n' Go Facility

This innovative facility allows the operator to simply load documents of varying sizes together with inserts, hit the start button and let the machine automatically calibrate itself! Absolutely no set-up is required and the machine will also memorised the application for future use.

Easy Job Programming (Stack 'n' Go)

On the **Stack 'n' Go Office Mailer**, the easy-to-use LCD interface makes setting-up and selecting pre-programmed jobs extremely simple. Indeed, the **Stack 'n' Go Office Mailer** can memorise up to 20 different jobs.

Easy Access

The clam-shell design of **AMS Office Mailers** allows the operator to gain access to the entire paper path.

To arrange a free demonstration, or for further information call **0845 451 0111** (lo-call) or email sales@ams-gb.com
