

AMS FX FEEDER

Improves the efficiency and presentation of your mailing processes

What Does It Do?

The low cost AMS FX feeder has been designed to be used with the 5001 KT1 and 5002 KT2 tabbing machines, however it can also work with other mail insertion equipment. The performance, reliability and flexibility make the feeder an important cost-saving tool for your applications.

Easy To Use

The AMS FX feeder can easily feed a range of stock, card, paper and DVD's up to 9 mm in thickness and up to 450mm wide. Easily able to feed up to 20,000 mailing pieces per hour, the feeder includes a pair of adjustable guides, allowing the ability to feed mail accurately.

Why Do I Need It?

The AMS FX can feed most mailing material. Every second saved in the mailing process means increased productivity and a heightened competitiveness in today's fast-paced changing economy.

The feeder is perfect for mailing houses, commercial and industrial users.

Key Features:

- Feeds at speeds up to 20,000 per hour
